### THE PRICE OF PEACE

Terms the United States Demands From Madrid.

### INDICATIONS THAT THE DONOS WILL NOT ACCEPT THEM.

Washington, July 30—Special—By special invitation of the president, M. Cambon, French ambassador, went to the white house this afternoon. It is believed the president delivered to him the answer to Spain's peace proposals.

Washington, July 30—Special—Little doubt is felt here as to Spain's acceptance of the terms of peace which the United States demands. No other course is left open to the Madrid government. Every day the war continues the cause of Spain becomes more hopeless. She is completely isolated from European sympathy and assistance; is practically without a navy, and her army in Cuba has been reduced to meager proportions during the past month. However distasteful the loss of her colonies on the western hemisphere may be, Spain will have to accept the situation or court complete extinction. The demands of the United States are not regarded here as excessive. If Spain had been dealing with any other nation she would have fared far worse. All the United States demands is in the interests of humanity and for better protection of American interests in those portions of the world that are still dominated by the Spanish race.

### No Armistice to be Granted.

Washington, July 30—Special—A significant point in the peace negotiations now pending is the determination arrived at to grant no armistice during the consideration of the terms. Both the president and his cabinet were agreed on the point. The chief consideration that led to this determination was the danger from disease to which our soldiers in the field are exposed, but another was the distrust of Spanish faith. No reliance can be placed upon the word of Spanish diplomats, and therefore they must come to terms at the muzzles of the American guns. An armistice would be granted to any other nation. Spain's reputation is so bad, however, as to render such a concession fraught with danger to the ultimate success of our cause.

### Will Acquire Island Territory.

Washington, July 30—Special—Spain will probably be permitted to make choice between the payment of a considerable war indemnity and the cession to the United States of the numerous Spanish islands in the Caribbean sea and the West Indies. These islands are small but numerous and some of them are valuable. The Isle of Pines is the most important. They are chiefly valuable on account of the tobaccos and spices raised there. The debts of the islands, which are considerable, are to be assumed by Spain and the title given to the United States is to be free from flaw. As Spain cannot pay a cash indemnity the cession of these islands is regarded as her only resort.

### Cabinet Discusses Terms.

Washington, July 30—Special—The cabinet meeting this morning resumed consideration of the reply to be given to Spain's peace proposal. The terms have been practically agreed to, and may be made public late this afternoon. The talk in official circles strongly indicates that the settlement of the Philippine question will be held in abeyance.

### Call It an Imposition.

London, July 30—Special—Late advices from Madrid indicate a disposition to haggle over the peace terms. The press now says anything beyond the surrender of Cuba in the United States demands is a cruel imposition.

### German Cruiser on Hand.

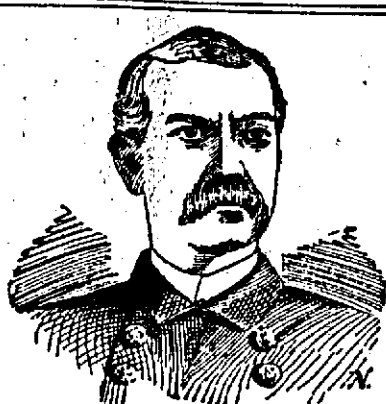

Manila, via Hong Kong, July 30—Special—The German cruiser Cormorant has returned to Manila Bay. Lagarde Aguinalde has disappeared. He is believed to be the victim of treachery.

### In Desperate Straits.

Manila, July 31—Special—The Spanish situation is becoming more desperate daily. They can only obtain bare necessities of life. The insurgents have been unable to cap-

ture the capital, but have thrown several shells into it. The natives are reported to be starving by thousands.

### Deaths at Atlanta.

Atlanta, Ga., July 30—Special—Three deaths occurred at Fort McPherson yesterday of typhoid fever. The dead are Private Leopold Fry, Fifth Missouri, Edgar Winkle, Fifty-second Iowa, Marcus Page, Hospital corps.

### Spanish Ship Raised.

Washington, July 30—Special—Admiral Sampson telegraphs that the Infanta Maria Teresa will be floated in a few days.

### MADAME ROMERO DEAD.

Wife of the Mexican Minister to the United States Dies at Atlantic City.

Atlantic City, N. J., July 30.—(Special)—Madame Romero, wife of Mexican Minister to United States died last night. She was one of the most beautiful and tactful women connected with any of the foreign legations, and was very popular.

### FEAR SHE HAS SUNK

Steamer Bearing an Antarctic Expedition Has Not Been Heard From For Weeks.

Antwerp, July 30.—(Special)—The grave fears are felt for the steamer Belgica, which left here Aug. 15 last for Graham's Island with the Gerlach Antarctic expedition. She has not been heard from since her departure.

### BISMARCK AGAIN ILL

Alarming Reports Are Again in Circulation Regarding Condition of The Prince.

Berlin, July 30.—(Special)—Reports that Bismarck's condition is critical are once more in circulation.

### DISPUTE OVER A SIDEWALK

The Post Office Walk Did Not Suit the Ward Alderman.

The city fathers have more trouble than the old woman who lived in a shoe. It is not the street pavement they are quarrelling over it is the sidewalks. In front of the post office building some very necessary improvements are being made in the shape of a new cement sidewalk. It appears that the contractors went to the city engineer and got a grade for the curbing but it was not as high as was wanted, lacking about four inches. So to do away with too great a drop in the sidewalk the contractors built a little piece of sidewalk the necessary four inches higher with a bevelled edge running to the curb. Then came the fuss, the different aldermen claiming that somebody was liable to make an attempt to step on the sidewalk and step on the bevel and fall, and sue for \$5,000. After much spitting on the part of contractors and aldermen it was agreed to let the city engineer give the necessary four inches more of curbing.

### BELIEVES IN GIVING PLEASURE

How An Old Veteran Spends the Pension He Gets From Uncle Sam.

The ways of the world are strange, and the different ideas of its people as to what constitutes enjoyment are varied, interesting and often unique. There is an old soldier in Janesville who by virtue of his having fought and died in the defense of his country, draws from the government a small pension. He has no family of his own, but boards with a family on the East side. His idea of happiness is to give other people pleasure, and to this end he spends his small allowance in buying presents for the people with whom he makes his home. Within the last four months he has bought from one firm, three bicycles, one for his landlady and two for her children. He says he takes more comfort in this way than any other, and that he had rather spend his money himself while he is living, than to have others spend it after he is dead. Here is a nice little object lesson for some selfish people of the world who have no thought for any one but themselves.

### WRECKED BY CYCLONE

Business Portion of Knob Noster, Mo., Swept by a Windstorm—Many Are Injured

Knob Noster, Mo., July 30.—(Special)—A cyclone wrecked the entire business portion and partially destroyed the residence section of the city last night. Several persons were injured. Loss, \$100,000.

### THORN NEED NOT HOPE

The Murderer of Guildensuppe Will Be Executed Next Week.

Albany, N. Y., July 30.—(Special)—The governor refuses to interfere with the sentence of Martin Thorn, who is to be executed next week for the murder of William Guildensuppe.

### DAISY MABIE IS INCORRIGIBLE

Father of the Wolf Wants Her Sent to an Institution.

The case of the State of Wisconsin vs. Daisy Mabie is on the docket of the municipal court this afternoon. The father of the girl, George W. Mabie, caused her to be arrested, claiming that she was and now is incorrigible and vicious, and completely beyond his control, and that she keeps very bad company. He wants, for the good of the community, that she be sent to some industrial school. The girl's mother died when Daisy was only a child, and at her present age, fourteen years, she is completely beyond control of relatives or friends.

Dr. Bass Was Expelled.

London, July 30.—The secretary of state for the colonies, Joseph Chamberlain, in the house of commons, said Senator du Bose, the former Spanish charge d'affaires at Washington, was formally requested by the Canadian premier, Sir Wilfrid Laurier, to leave Canada.

### Prince Bismarck Improves.

Berlin, July 30.—The statements that the condition of Prince Bismarck has temporarily improved appear to be true, but as the measures to prevent the press from obtaining any information are still enforced little news can be obtained.

### Decision Given to Smith.

New York, July 30.—After a hard fight, which lasted twenty-five rounds, "Mysterious Billy" Smith was given a decision over George Green of California at the Lenox Athletic club last night.

### Will Confer in August.

Ottawa, Ont., July 30.—Sir Wilfrid Laurier, the premier, announces that the international conference to settle the differences existing between the United States and Canada will open Aug. 10.

### To Patrol the Bering Sea.

Washington, July 30.—Great Britain has notified the state department that she has selected the ships Amphion and learns for patrol service in Bering Sea during the present season.

## MERRITT IS AT MANILA

Quick Passage of the Expedition to the Philippines.

### EXCHANGE OF COURTESIES BETWEEN COMMANDERS.

Manila, via Hong Kong, July 30—Special—Gen. Merritt's army arrived here yesterday and was greeted with cheers from all the ships of Admiral Dewey's fleet. Dewey went aboard the Newport and welcomed Gen. Merritt, who returned the call, and on leaving Dewey's flagship received a gun salute. The Newport made the voyage from San Francisco in twenty-three and a half days. Merritt says he will lose no time in pushing operations.

Washington, July 30—Special—A message was received from Gen. Merritt this morning announcing his arrival at Manila. He says the remainder of the fleet should reach Manila in four days, and that all the troops assigned him will be needed.

### The Conquest of Porto Rico.

Washington, July 30—Special—The conquest of Porto Rico with little loss of life to the Americans is already assured. The natives are welcoming the troops with open arms. At Ponce there was scarcely a semblance of resistance, and Gen. Miles has received advices that lead him to believe that none of any consequence will be offered elsewhere. The troops at San Juan, it is said, are badly armed and equipped, and under the most favorable circumstances could interpose but slight opposition to the occupation of the town. Officials of the war department say that two weeks will be sufficient to complete the conquest of the entire island. San Juan will probably surrender without the firing of a gun.

### Manila to Be a Free Port.

Washington, July 30—Special—It is probable that after the close of the war Manila will be a free port. The United States will exercise nominal jurisdiction over it, but permit the ships of all friendly nations to use it as a depot of supplies. It is the desire to make it a neutral as well as a free port. No nation at war will be permitted to use it. The advantages that will accrue are many. The effort will be made to create a depot there for the ships of all nations. Several American companies are already seeking locations there, and are willing to pay liberally for the privileges they wish—the right to supply ships' stores.

### Object to Ceding Porto Rico.

London, July 30—Special—A Madrid dispatch says the government will oppose the cession of Porto Rico to the United States on the ground that the island is entirely outside the scope of the controversy that precipitated the war.

### Gibara Surrenders.

Key West, July 30—Special—Gibara surrendered to the cruiser Nashville Wednesday. Not a shot was fired. The Spanish garrison evacuated the town. The American flag was hoisted, and two schooners in the harbor were seized.

### Goes to Porto Rico.

Washington, July 30—Special—Secretary Alger this morning telegraphed to Gen. Coppinger at Tampa permission to join the army in Porto Rico with the forces he may select. Three transports are on the way to Tampa.

### Mortality at Camp Alger.

Washington, July 30—Special—The health of the soldiers at Camp Alger is so seriously threatened by the fever that the men are almost in a panic. Sixteen deaths have occurred in six days.

### Natives Are Defiant.

Washington, July 30—Special—A dispatch from Dewey says the Philippine insurgents have assumed an attitude of defiance.

### Sickness in Shafter's Army.

Washington, July 30—Special—Gen. Shafter reports 4,274 cases of sickness, 3,466 being fever cases. One death.

Doing Damage.

Rev. Joseph A. Dreis, pastor of St. George's church at Kenosha, died in that city yesterday afternoon. He was 48 years old and had been ill for the past five years, though he kept up his church work and built it up until the congregation of St. George is the largest in the city. Father Dreis was educated at St. Francis and was ordained Nov. 17, 1872. He was well known in Milwaukee and his father, Phillip Dreis was a shoe merchant there up to his retirement from business a few years ago.

After his ordination he went to Madison serving as assistant at the Church of the Holy Redeemer for three months, when he was transferred to Springfield, Dane county. There he remained for seven years. He went to Polk, Grant county, leaving that place at the end of three years' service for Heaver Dam. His next transfer was to Kenosha. During the last six years he had worked for his church and accomplished remarkable results in its upbuilding.

Expenses of State Institutions.  
Madison, Wis., July 30.—Bills for expenses at the several state institutions for the month have been audited as follows:

State Hospital for the Insane, Mendota	\$7,408.00

Indian Band for Paris.

De Pere, Wis., July 30.—The government will send a band of Indian musicians to the Paris exposition in 1900. Dennison Wheelock, musical director at the Carlisle, Pa., Indian school, was in De Pere recently on the way to visit his parents at the reservation. He is on a tour of the country in an endeavor to secure some of the best Indian musical talent, having been detailed by the War department to do the work. He has already visited the Indian agencies in California, Arizona, Colorado, Dakota and other states. The Carlisle Indian band headed the procession at the dedication services at the World's fair.

Murderer On Trial.  
Oshkosh, Wis., July 30.—George Miles, accused of murdering Blanch Deiter, alias Birdie Fox, on the night of April 24, appeared in municipal court yesterday, and his examination was set for Friday, August 5. No bail was allowed and he was committed to the Alexian hospital under guard of deputy sheriff. Miles is very feeble from the effect of a shot through the lung. He attempted suicide after killing the woman.

A Farmer's Suicide.  
Neenah, Wis., July 30.—Boys wading the river found the body of William Mueller, a farmer, 60 years old, who had lived in the town of Clayton and was well-to-do. He had been demented for some time and strayed from home several days ago. A wire around the body, to which was fastened an iron weight, is evidence of the suicide. He leaves a family of grown-up children.

Free Of An Insane Man.  
Oconto, Falls, Wis., July 30.—During a fit of insanity Thomas Piggett of the town of Howe, drove his wife and children from his farm, gave his stock to Paris green, placed all his farming implements in the barn, set the barn, house and stacks of grain on fire and when he saw their destruction was complete shot himself with a shot gun. He died two hours later.

Priests in Retreat  
Oshkosh, Wis., July 30.—A peculiar service or ceremony of the Catholic church will be held at Green Bay, this afternoon, August 15 to 19. These ceremonies, known as retreats are held twice a year in the Green Bay diocese and half the priests of the diocese attend alternately, the other half attending to the charges in the various parishes. Sixty-five priests will be in attendance at this retreat which will be held at the St. Joseph's orphan asylum, and will begin Monday, Aug. 15. During this retreat the priests in attendance arise at 6 o'clock, celebrate mass and spend the

A WATERING-PLACE COSTUME FROM HARPER'S BAZAR

A thorough outfit for a season at a fashionable watering-place requires, in our climate, to be quite elaborate, for there must be gowns for cool as well as for hot days. Blue serge is a material which comes into fashion every year. Of course there are many different weaves of it, as well as different colorings, but a blue serge gown is considered almost a necessity for every wardrobe. An original design, which we publish today, taken from Harper's Bazar, in blue serge from la maison Welle, is in the bluest shade. The waist is tight-fitting at the back, blousing a little in front. It is made with a round yoke, which extends to the sleeve on the shoulders, the yoke of white mousseline de sole laid in very narrow pleats. Around the yoke the waist is finished with three narrow folds of striped taffeta silk, in mauve and white, put about a straight band of Irish guipure lace, and a band of the lace is put over the

top on the sleeves. The waist itself, fastens at the left, and is most effectively trimmed with rows of braid put on in clusters and at regular spaces. The sleeves are small, also trimmed with the rows of braid. The collar is very high, with straight turned-over pleats, and made of the striped white and mauve taffeta silk. A black satin belt makes the waist look smaller, while a bow of the striped silk fastens the belt and gives a pretty finish. At the top of the skirt there is a yoke let in of the striped silk, while at the foot there is a band put on in scallops. This is very effective against the deep blue serge.

The hat worn with this gown is quite different in shape from any of the fashions that have yet been brought out. It is somewhat like a toque, made of fancy straw trimmed with bunches of roses and leaves, and at the left side are large rosettes of deep blue velvet.

remainder of the day in instructions, special spiritual exercises and meditation until 9 o'clock in the evening. One hour after dinner and one at the close of the evening meal only are allowed for talking.

Another Strike In Oshkosh.  
Oshkosh, Wis., July 30.—Yesterday afternoon about twenty-five of John Martin's men at work on lower Meritt street laid down their picks and shovels because he would not grant a general increase in wages. The men were receiving \$1.25 per day. They struck for \$1.50 and \$1.75. It is said that several of the strikers are striking woodworkers, and Martin says they have not earned more than \$1.25 a day.

Potato Rust.  
Appleton, Wis., July 30.—In the opinion of some of the farmers and gardeners there may be a partial failure in the potato crop in this vicinity owing to the premature dying of the vines from a disease closely resembling late blight. Just what is the cause of this blight is not known, but in all cases the result is the same—the premature death of the vine and the consequent failure of the crop.

An Insane School Teacher.  
Plainfield, Wis., July 30.—Miss Nettie J. Wood, a school teacher, daughter of Mr. and Mrs. James Wood, old residents of this town, was adjudged insane today and taken to the asylum at Oshkosh.

## GOT THE BEST OF COMPANY

How a Tobacco Shipper Avenged Himself For An Extortion.

Judge Tuley, of Chicago, has decided that the shippers cannot be compelled by the express companies to pay the one cent war tax on packages which has been exacted from them for some time past. In this connection it may be of interest to state that, not many days ago a well known local tobacco man had some samples to ship to Detroit, the express on which would have been \$4.00. He delivered the goods at the office and when he came to pay the charges was asked for the one cent tribute for the revenue stamp. The extra penny wouldn't have broken him but he didn't like the idea. He went out and paid a drayman a quarter to haul the box to the depot, and shipped it by freight. The express company lost enough to pay the tax on 400 packages, and there is at least one man in Janesville who will read of Judge Tuley's decision in a paroxysm of delight.

THE 50 cent reduction on every hammock in the store is moving them out rapidly. Former \$1.50 hammocks go at \$1, and so on down the line. Sanborn.

CHURCH SERVICES  
FOR HOT WEATHER

THE CLERGY OFFER ATTRACTIONS FOR THE SABBATH.

Union Services At Court Street Church, For Methodists, Presbyterians and Baptists—Good Music Will be the Feature at All the Places of Worship.

The subsidence of the heat of the past few weeks will be a grateful relief to citizens generally, and to churchgoers in particular. While the churches have been for the most part the coolest places in town, they have not been the popular resorts they should be and are in cooler weather. There are still several absentees among the clergy, but those who remain offer to the public a feast of which it will be a pleasure to partake. The announcements for tomorrow's services follow:

Court Street M. E. Church.—In the morning the pastor will preach on "God's Dominion in the Heart of Man." A union service will be held in the evening, Rev. E. H. Pence presiding. ## BE CONSISTENT.

The Milwaukee Sentinel, after a lukewarm support of Governor Scofield's administration, surprises no one by its attitude recently assumed in advocating a compromise candidate, professing it to be to the interests of party harmony. The Sentinel appears to ignore the fact that Mr. La Follette and his followers are not as numerous, and therefore less dangerous to the welfare of the party, than they were two years ago. The paper also assumes the responsibility of reading out of the party the men who are supporting Mr. La Follette, unless their candidate secures the nomination. The republicans of the state have no time for this sort of doctrine, and will not take kindly to it. The loyalty of Wisconsin republicans is beyond question, when the only issue is the ambition of candidates. The nomination of either Mr. Scofield or Mr. La Follette, means a republican victory in November and the Sentinel is well aware of this fact. The "compromise" candidate is simply a La Follette subterfuge as the Sentinel very well understood. If the Milwaukee paper does not care to support Mr. Scofield why doesn't it come out squarely for La Follette—"God hates a coward."

In another column Victor P. Richardson gives some figures and makes some valuable suggestions relating to city government. Mr. Richardson has probably made a closer study of municipal affairs than any other citizen of Janesville. The facts given in his remarks before the Twilight club some weeks ago opened the eyes of many people, and even the city officials themselves admitted that they were not familiar with the subject, and were surprised at the facts set forth. As Mr. Richardson said at the time, the people are responsible for the system—"or a lack of system rather"—under which the city's affairs are conducted. The citizens should interest themselves in hopes that a better system may be evolved. The Gazette is pleased to give Mr.

Richardson's article space, knowing that his familiarity with the subject makes the reliability of the figures and makes his suggestions of value.

## LA FOLLETTE AND THE PRESS

German Look Backward.

Editor Edgar W. Coleman, editor of Der Herold, Milwaukee's influential German newspaper, has published an open letter in his paper, stating that Robert M. La Follette, of Madison, who has announced his candidacy for governor, is an "unsafe" man.

La Follette is intimate politically with Board, and therefore Der Herold's attitude is very significant.

Here is Mr. Coleman's card:

"The Herold feels called upon, now that Mr. Robert M. La Follette has made known his candidacy for the position of governor of Wisconsin, to announce to its readers and the voters of Wisconsin, that we do not believe, that Mr. La Follette should be entrusted with this important office. Our reason is, that in February, 1893, stated, that he was not willing to abide by and see carried out the wishes of a majority of the people of Wisconsin."

"In February, 1890, I went to Washington to acquaint our representatives in congress with the strong opposition of a large majority of the people of Wisconsin against the so-called Bennett law then in force. I had received a statement from several representatives in regard to the question, four of which statements were obtained, however, with the understanding, that they would not be published unless every representative was willing to state his position in favor of a modification of the law for publication."

"When I called upon Mr. La Follette I found, to my great surprise, that he was even more rabid upon the subject than Mr. Board. After a long argument I put this question to him: 'In view of the fact Mr. La Follette, that I have given a promise to four representatives not to publish their statements unless every representative will say that he is in favor of a modification of the law, will you agree to simply state, that if a majority of the people of Wisconsin favor changes in the law, you will acquiesce?'"

"Mr. La Follette then made the remarkable reply: 'If the decision of this question depended upon me alone, I would not consent to a change of a single word in that law.'"

"The Herold maintains, and I am sure will be understood, that it considers the Bennett law issue dead, but it believes that Mr. La Follette is not a safe man to guide the affairs of the state. We believe Mr. La Follette to be a brilliant orator, the governor of the state of Wisconsin must be a man always ready to at least acquiesce in the wishes of a majority of the people."

"In acquiescing in the above facts, we leave to Wisconsin with the above facts, we leave to those whose hands are in the matter, that all those whose attention is called to Mr. La Follette's unique position in placing himself above the majority of the people of Wisconsin will approve of the course of The Herold."

"In conclusion, we desire to say, that The Herold will be guided in the coming fall campaign solely by the candidates nominated and platforms adopted on state issues by the different conventions."

"EDGAR W. COLEMAN."

Oshkosh Times, Dem: The credibility of a witness is always material, and, therefore, it is proper while sitting Mr. La Follette's attacks upon the record of Mr. Scofield to inquire into the work as a public official of Mr. La Follette during his three terms in congress. As far as any one knows, the sum total of his labor as a congressman consists of a single speech on the tariff, in which he violently attacked Carlisle with an expectation that Mr. Carlisle would reply to his declamatory bombast. It is a matter of record that Mr. Carlisle wholly ignored Mr. La Follette's effort and furnished the explanation that if he stopped to answer every dog that barked, he would be a very busy man. Thus the notoriety sought for by the Madison man, was not gained.

Are Very Hungry

Madison Journal, Rep: The La Folletteites are, in fact, the most hungry, voracious and persistent office seekers and dispenders in the state. There is no crumb which they can reach which they do not hunt up and devour. A large percentage of the employees in the capitol were put in there at the solicitation of the whole force in the treasurer's office and a large contingent in the secretary's office and in the land office, were appointed upon the recommendation of Mr. La Follette, Haugen and others of that faction.

Weighted and Foully Wanting.

Hudson Star and Times, Rep: The party kickers would attract a great deal more public attention were it not for the fact that each and every one of them has been tried in official positions, and there was just as much fault found with them, as they now find with those who are running things. The masses look upon most of it as a mere howl of the out against the ins for the purpose of swapping positions.

Talk of a Bolt

In speaking of the La Follette machine plan, the Chicago Chronicle, democratic says: "But they (the La Follette machine) will not venture to give the democratic ticket an open support, though they may desire its success. If this sentiment is strong enough it will cause a prodigious bolt inside of the republican party."

Stop Use of Money.

Madison Journal—The La Follette "reformers" propose to stop the use of money in politics if it takes every cent they can rake and scrape.

Shoot Like Spaniards.

Ashland Press—"The 'State' continues to bombard Governor Scofield, with little or no damage to the fortifications."

The Milwaukee Sentinel finds its seat on the top rail of the fence a little lonely, and invites republicans to join it on the roof. The scheme will not work, however, for the republicans see their duty and propose to perform it—to smash the La Follette machine and

put an end to attacks on the party from the roof.

## REPUBLICAN STATE CONVENTION.

Headquarters Republican State Central Committee, Milwaukee, June 15.

To the Republican Electors of Wisconsin: By direction of the State Central Committee, a convention of the republican electors of the state of Wisconsin will be held in the city of Milwaukee on Wednesday, the 17th day of August, 1898, at 12 o'clock noon, for the purpose of nominating a republican state ticket to be voted for at the general election in November next, and to transact such other business as may properly come before the convention.

The republican electors of Wisconsin are cordially invited to unite under this call in sending delegates to said state convention.

In accordance with resolution recommended by the state convention and formally adopted by the State Central Committee, in electing delegates to the state convention, in counties having more than one assembly district, except Milwaukee county, the unit basis shall be the assembly district, and in such counties delegates shall be elected by assembly district conventions, and the names of the delegates so elected shall be certified to the State Central Committee by the chairman and secretary thereof; in all other cases delegates shall be elected by county conventions.

Under the present basis of representation the several assembly districts in the state are entitled to one delegate for every two hundred and fifty (250) republican votes, or major part thereof, cast at the last preceding presidential election in the usual manner.

Special attention is hereby called to the fact that all conventions to elect delegates to the state convention must be held on a notice of not less than four weeks; all town or ward caucuses as primaries to state convention on a notice of not less than ten days; and that notice of the meeting of such convention or caucus shall be given in the usual manner.

As the State Central Committee acts as the Committee on Credentials, it is requested that credentials of delegates elected, duly certified to by chairman and secretary of county or assembly district conventions, be forwarded to the secretary at Republican State Central Committee headquarters in Milwaukee, immediately upon their election. In every case giving the names in full and postoffice address.

EDWIN D. COE, Chairman.

JOHN M. EWING, Secretary.

Rock county will be entitled to 33 delegates, distributed among the several districts as follows: First district, 9; Second district, 11; Third district, 13.

Fever Scarcely to Be Feared.

Washington, July 30.—Secretary Alger has gathered together all official reports of sickness that have been received from Santiago and after comparing vital statistics thinks the plight of the army is not as serious as the disconnected reading of the daily reports would indicate. Since the reports began there have been fifty deaths from sickness, Secretary Alger thinks the large number returning to duty shows that much of the sickness is light.

There is, however, no effort at the department to minimize the danger. Fifty deaths in seven days in an army of 20,000 is above the normal rate, he says, but not alarming, considering the number of those ill.

Prisoners Will Soon Be Home.

Washington, July 30.—Col. Hecker of the war department, who has direct charge of the transportation of the Spanish troops surrendered to Gen. Shafter, says that favorable progress is being made. Four large steamships are now on their way to the place selected for the embarkation of the prisoners. In addition to these ships four others will start from various points in Spain and the United States between now and Sunday, and will be ready to start from Santiago soon after the first expedition gets under way.

Big Storm Sweeps England.

London, July 30.—The northeast coast of this country has been swept by a great storm. The fishing fleets have had a narrow escape, being obliged to relinquish all their gear and nets and run to the harbors for shelter, where many other vessels were compelled to seek refuge. The north-bound trains have been delayed by the force of the winds, which have caused considerable damage inland, the crops having been flattened.

Universal Peace Union Pleaded.

Washington, July 30.—The Universal Peace union has sent to Ambassador Cambon a letter of cordial congratulation on his course in presenting to the government overtures for a cessation of hostilities. The letter expresses a sincere hope for an early restoration of peace, and that through the spirit of justice, brotherhood and conciliation, the high purposes of this movement may be realized.

Want the Philippines Retained.

San Francisco, Cal., July 30.—The Merchants' association, at a special meeting, adopted a resolution petitioning the president to hold and retain the Philippine Islands. Similar action will probably be taken within the next day or two by the chamber of commerce and other local business organizations.

Cutter Gresham Is Raised.

Montreal, July 29.—The United States revenue cutter Gresham has been successfully raised and put together, and will leave for Boston as soon as she ships coal and supplies.

VICTOR P. RICHARDSON WRITES A LETTER.

Some Facts and Figures Concerning Municipal Affairs From a Man Who Has Made a Study of the Question—Change in Plan Is Suggested.

EDITOR GAZETTE.—The business year of the city of Janesville began on the 1st of July. Soon after that date the city council approved the assessment rolls and distributes to the different funds such amounts as they consider necessary to meet the expenses of the different departments of our city government. This distribution for 1898 was made at the last meeting of the council and it may interest some to compare the expenses of the coming year with the expenses of past years.

The following table gives the amounts appropriated for the different departments for the years 1888, 1893, 1897 and 1898. I have not gone further back than ten years because for purposes of comparison ten years is enough.

	1888.	1893.	1897.	1898.
Funds—				
School.....	\$ 15,000	188,000	23,700	25,700
General.....	6,000	10,000	6,000	10,000
Fire and water.....	7,000	7,000	9,000	8,500
Lighting.....	3,500	7,500	12,000	12,000
Library.....	2,200	3,000	3,000	2,500
Board of health.....	6,750	13,300	5,125	6,000
Bridge.....	80	1,500	100	100
Judicial.....	225	6,250	2,500	2,500
First ward.....	1,000	2,000	2,500	2,500
Second ward.....	1,200	1,600	1,500	1,500
Third ward.....	1,400	3,400	3,000	3,000
Fourth ward.....	1,200	2,500	2,500	2,500
Fifth ward.....	900	1,900	1,400	1,900
Total.....	\$17,585	\$248,000	\$71,425	\$77,100

The City's Income.

To the above totals should be added the money obtained from the alcohol license, which was as follows:

1888, \$9,600; 1893, \$10,000; 1897, \$22,000; 1898, \$21,000. Making totals as follows: 1888, \$27,185; 1893, \$248,000; 1897, \$93,425; 1898, \$98,100.

These figures represent practically the total income of the city for the above years. Of the money obtained from licenses, \$1,500 has gone each year to the fire and water fund, and the balance to the general fund.

These additions to the general fund makes it as follows for each year:

1888, \$11,100; 1893, \$16,100; 1897, \$23,500; 1898, \$24,000.

An examination of above tables will show that in the past ten years the expense of our city government has doubled. Having increased from \$27,185 in 1888 to \$98,100 in 1898, and a further examination of the tables will show that the greater part of the increase has been in the School, General and Lighting funds. The ward funds with the exception of the second ward fund have about doubled. The lack of increase in second ward fund is doubtless largely owing to the change in boundary by which size of ward was diminished. With the increase in School fund no one will find fault as we have a fine high school and modern approved methods of education. The lighting fund is now almost four times as large as it was ten years ago, being \$12,000 for 1898 and but \$3,500 for 1888. This is a great increase but if we get four times as much light as we did ten years ago we perhaps should not grumble. But do we get four times as much light?

General Fund's Increase.

The general fund has increased in above years from \$10,100 to \$24,000. The fund is doubtless the cause of more carelessness and extravagance than any thing connected with city government, because no one is held responsible for it. A kind of general grab bag into which each city official having charge of expenditures puts his hands as often as possible and pulls out all he can grab. It is also a sundries account in a business and every business man knows a sundries account will bear watching. Every alderman tries to protect his ward fund by paying as many bills as possible out of the general fund.

The Stone Mills.

As an example of this note the way in which stone bills against several ward funds were recently paid out of general fund. Every thing possible is bid in the general fund and every alderman will disclaim responsibility for it. Is this right? Does it not lead to extravagance? A general fund was originally set apart to provide for accidents. The original idea has been lost sight of, and the fund is now a hiding place for all kinds of careless and extravagant expenditures. Would it not be a good idea to appropriate out of the money in general fund among other funds so that it will show in separate accounts and some one be responsible for it?

VICTOR P. RICHARDSON.

## GOLF GAINS GROUND ON LOCAL LINKS

MILWAUKEE TEAM MAY BE HERE TUESDAY.

Mixed Foursome Match Arranged For Tuesday—McNamara, Sheldon, Fifield and Grant Prize Winners in the Contest Yesterday—Plans For Club House Are Ready.

Interest in golf grows stronger as the summer advances. The plans for a new club house are being pushed forward and work will begin very shortly.

A feature of the golf picnic next Tuesday will be a mixed foursome with handicaps. Three prizes are offered and the ladies are taking a lively interest.

A letter from Milwaukee states that the Milwaukee team will be welcomed warmly by the Janesville players who have not forgotten the many attentions shown them in Milwaukee last summer.

Throughout the match one fact was apparent. Scores were spoiled by errors in short shots rather than by deficiencies in driving. Many who drove exceptionally well failed to make a strong showing because of the number of shots wasted on the putting green and in short approaches. A gain would be perceptible very quickly if players would take half a dozen balls and practice for an hour, approaching from thirty to forty yards, putting out with each ball. When the balls can be holed out in an average of three from forty yards the player will find himself able to give an interesting match to anybody.

Harry McNamara, Fred S. Sheldon, F. E. Fifield and F. C. Grant were the prize winners in yesterday's golf match. Harry McNamara took the first prize, winning eight golf balls. Fred Sheldon and F. E. Fifield tied for second and third prize, winning four balls each. F. C. Grant took fourth prize, winning two balls. Following is the score:

Taste is Frequently a Valuable Guide in selecting Food.

A little child's taste is often a reliable guide to palatable and desirable food, and it is worth one's while to observe how the little folks take to grape-Nuts the famous new food made by the Postum Co., at Battle Creek, Mich.

They eat it freely without addition of sugar, for it has the peculiar, mild but satisfying sweet of grape-sugar and the natural taste either of child or adult recognizes at once a food that will agree with and richly nourish the system.

## SAWYER SUPPORTS SCOFIELD.

He is Opposed to Withdrawing Him From the Contest at Any Stage.

Oshkosh, Wis., July 29.—Ex-Senator Sawyer is very much opposed to the suggestion to retire Governor Scofield and Mr. LaFollette from the gubernatorial race and introduce a third candidate. In an interview he says:

"Just because a few disgruntled persons, with some sore heads, are clamoring to turn Governor Scofield down is no reason why we should hasten to put up a third candidate. The party, in my opinion, is in no danger of meeting with defeat on account of him, and very raised by Mr. LaFollette. It is a case where a comparatively small body of men are making a great deal of noise. The reports from counties that have thus far elected delegates to the state convention show them to be for Scofield."

"As far as I am concerned, I am for the re-nomination of Governor Scofield first, last and all the time. My opinion is that the campaign flag made by the LaFollette faction will rebound in favor of Governor Scofield. In order to insure the latter's success I would ask for nothing better in the line of boons than the attack made by Mr. LaFollette on Governor Scofield. Every one that comes simply makes a money support for Governor Scofield."

He Notes on His Washington Post: The corpulent Representative Bodine of Missouri, who, besides having eminent qualities that best a law-maker, plays a skillful game of chess, is a lover of pie, not exclusively federal pie or political pie, but pie that is made from the festive pumpkin. When the lunch hour is at hand, Mr. Bodine, who is a native Missourian and typical of that state in his broad shoulders and stocky frame, begins to amble toward the senate restaurant, for Mr. Bodine, southern in all his instincts, recognizes, nevertheless, that the most palatable wedge of pumpkin pie must necessarily be of New England manufacture. Then who, in all New England, can make better pie than Restaurant Page? Presenting himself before the long counter, the picturesque Mr. Bodine, with his flowing beard and bushy hair, needs not to give his order, for the waiter knows the Missourian's preferences. A broad wedge of pumpkin pie is handed out forthwith, accompanied by a glass of milk. Thereat Mr. Bodine is happy. He devours the pie, oblivious to surroundings, and receives a second helping. Having refreshed himself in this wise, Mr. Robert N. Bodine returns to his duties as a member of the house of representatives at the other end of the capitol.

## LATE NEWS BY TELEGRAPH

## WILL BE DECIDED TODAY.

## Cabinet Considers the Formal Terms of Peace.

## EARLY DECISION PROBABLE.

General Terms of Our Reply to Spain Are Practically Agreed On—Fate of the Philippine Islands to Be Left to a Commission.

Washington, July 30.—President McKinley and his cabinet have agreed substantially on the terms of peace to be offered Spain. Such was the statement of Secretary Day Friday, after two cabinet meetings lasting nearly five hours. He announced another meeting to begin at 10 o'clock this morning, and gave the impression the final draft of the note to Spain would then be framed in all its details. It is agreed the stars and stripes shall not be hauled down in any quarter of the globe. Spain must cede Porto Rico and the island of Guam in the Ladrone to the United States. Spain must cede Cuba to the United States in trust for the Cubans. The United States will hold such territory in the Philippines as has come under the stars and stripes, presumably Manila Bay and its surroundings. The fate of the rest of the Philippines and the question of indemnity will be referred to a commission. Not a dollar of the Spanish debt will be saddled on Cuba or the United States. Such is the understanding as explained by a cabinet minister, but the president's advisers are studying the program, and changes may be suggested.

There was no difference of opinion as to the demands to be made in American waters. There was no question as to the fate of Guam, for when the Charleston was ordered to stop and seize it it was the deliberate intention of President McKinley to hold it in order to furnish a coaling station between Hawaii and Manila. The only difficulty encountered in the discussion of the peace proposition was over the Philippines. Some members of the cabinet were for holding the entire archipelago. Others insisted only a coaling station and commercial base should be retained. As a middle course it was suggested that the island of Luzon should be taken. Out of the discussion arose the proposition for a commission which will leave to the future the fate of all the Philippines except Manila and its vicinity.

By coupling the question of a cash indemnity with the Philippine problem it is believed the United States will be able to hold its grip on the Asiatic islands until the sentiment of the country can be learned. It is also argued that this plan will balk Spain if she is seeking to force the United States to expose its hand in the far east. It will give the powers of Europe no excuse to intervene, for they will be left in the dark as to what the United States intends to claim in the orient. If Spain accepts the terms offered by President McKinley the war will end, and she will be expected to withdraw her troops from Cuba and Porto Rico at once. The decision of the commission on the points left open is to be binding, presumably, on both parties, subject to proper ratification. It would be several weeks before such a commission would be assembled and get down to work, and the sentiment of the American people would be crystallized in the meantime.

Precedents of the last century justify the United States in demanding a cash indemnity from Spain sufficient to cover the cost of the war. If the American people want all the Philippines under the stars and stripes the American commissioners could put in a claim for all the islands as well as a big cash indemnity. This might be coupled with an offer to waive the indemnity in exchange for the islands, and it is argued Spain's financial distress would force her to accept such a proposition. In other words, the plan is to leave the Philippine question open until the American people can make their own will known.

**Volunteers Moving from Tampa.**  
Tampa, Fla., July 30.—One by one the volunteer regiments are leaving Tampa, and by to-night the Second Georgia and Fifth Maryland will be all that are left. The One Hundred and Fifty-seventh Indiana departed for Ferdinand. The Third Pennsylvania regiment will break camp to-day and leave for Ferdinand at 6 o'clock this evening. Gen. Hall, commander of the brigade composed of the First Ohio, the Third Pennsylvania and One Hundred and Fifty-seventh Indiana regiments, has left with his staff for the same place, where he will establish his headquarters.

## WANTS TO HAGGLE.

Spain Is Not Now So Ready to Yield as at First.

Madrid, July 30.—The comparative willingness at first manifested to accept the inevitable is yielding to the inveterate national characteristic of haggling. The press now adopts a tone indicating that it considers anything beyond the surrender of Cuba as unfair, harsh, and cruel imposition. Although the desire for peace is widespread, intense feeling has been aroused by the realities of the colonial situation. Efforts to induce the nation to accept the results of the war will now have to be used with extreme care.

## MANILA STILL HOLDS OUT.

Philippine Capital Not Surrendered to Dewey.

## NEWS COMES FROM HONGKONG

British Gunboat, Which Left Manila Harbor July 27, Says the Situation Was at That Time Unchanged—Gen Merritt Has Reached the Scene.

Hongkong, July 30.—The British gunboat Plover has arrived here from Manila. She reports that when she left Manila on Wednesday, July 27, the situation there was unchanged, and the Americans had not yet attacked the city.

## GEN. MERRITT AT MANILA.

Makes the Trip from 'Prisco Without Startling Incident.

Manila Bay, July 26, via Hongkong, July 30.—Gen. Wesley Merritt and troops under his command arrived at Manila on the morning of July 25, after a trip devoid of startling event. He reports all well aboard the Newport.

Gen. Merritt will at once assume command as provisional governor for the United States.

## Government for Insurgents.

Cavite, Manila, June 13 (via Hongkong).—The insurgent chiefs from all over the island met at Cavite yesterday to form the provisional government. Gen. Aguinaldo is head of it and practically dictator. They intend to establish the capital in a small town in the interior, not far from Manila. Aguinaldo is going to take the field in person. The insurgent army is well armed with Mauser rifles, either captured or bought, and has plenty of ammunition. Besides, the insurgents have proved that they have great courage and remarkable energy.

## France Suspects Germany.

Paris, July 30.—It is not generally believed here that the actions of the German admiral in the Philippines are due to so friendly a feeling toward America on the part of Germany as is pretended in official circles in Berlin. A distinguished French writer who has just returned from the German capital reports Emperor William recently said in conversation: "I consider America to be one of the great future dangers of Europe."

## Spain Wants the Philippines.

Washington, July 30.—It is stated in a high diplomatic quarter, in such a manner as to give semi-official character to the expression, that if American control or supervision of the Philippines was an indispensable condition laid down as the basis for peace negotiations it was practically certain that the Spanish government would not accede to this condition, but would determine rather to continue the war.

## Germany Sends Another Ship.

Berlin, July 30.—The German cruiser Arcona, Capt. Rehnke, has left Nagasaki, Japan, with orders to go to the Caroline and Ladrone islands. That there is anything unfriendly to the United States in sending this warship to the scene of hostilities is vigorously denied.

## Call for the Philippines.

San Francisco, Cal., July 30.—The Third battalion, First South Dakota volunteers, and the Minnesota and Colorado recruits sailed Friday on the St. Paul to join their comrades in the Philippines.

## Not Officially Confirmed.

Madrid, July 30.—Nothing is known here, officially or otherwise, concerning the report that Manila has surrendered to the American forces.

Hon. O. B. Rush, president of the Giltner County (W. Va.) Court, says that he has had three cases of flux in his family, during the past summer, which he cured in less than a week with Chamberlain's Colic, Cholera and Diarrhoea Remedy. Mr. Rush also states, that in some instances there were twenty hemorrhages a day—Glenville, W. Va., Pathfinder. This remedy has been used in nine epidemics of flux and one of cholera, with perfect success. It can always be depended upon for bowel complaint, even in the most severe forms. Every family should keep it at hand. The 25 and 50 cent bottles for sale by People's Drug Co., E. Milwaukee St.

## Will Not Jeopardize Health.

New York, July 30.—The proposed removal of Gen. Shafter's troops from Santiago to a Montauk Point camp does not cause concern to the health authorities of New York and vicinity. Dr. Doty has said he has no apprehensions that the health of the community will be jeopardized by such a movement.

## Ninth Is Going to Florida.

Springfield, Ill., July 30.—It is now considered definitely settled that the Ninth regiment is to go to Jacksonville, Fla., but at what time nobody yet knows.

## About the Pope's Health.

London, July 30.—A correspondent in Rome says that in spite of all denials Pope Leo is much weaker this summer than he was last. Though he fully realizes his enfeebled condition, he refuses to follow the advice of his physician, and cease to perform the large amount of mental work to which he steadily applies himself day after day. To all remonstrances he smilingly replies that it is his wish to die in the harness. His hand is so feeble that at times he is scarcely able to guide a pen when writing.

### WASHINGTON STIRRED UP.

Dr. Senn's Charges Against General Shafter Are Resented.  
Washington, July 30.—Dr. Nicholas Senn's charges against Gen. Shafter created the utmost concern in the war department.

In Surgeon-General Sternberg's office there was a disposition to stand by Dr. Senn, the declaration being freely made that he had briefly spoken the truth in the face of the danger of being court-martialed and expelled from the army. But Gen. Sternberg said he did not think any attention would be paid to the words of Dr. Senn, for the reason that they appeared in the public prints and could not be officially recognized as coming from him.

In Secretary Alger's office it was said considerable indignation has been expressed. Dr. Senn, it was understood there, had practically charged Shafter with being responsible for the large number of yellow fever cases by showing he had peremptorily refused to assist in its suppression when it first appeared.

Dr. Senn also accuses Shafter of ignoring the instructions of Col. Greenleaf, chief surgeon of the army in the field, and states that it was not until Gen. Miles' arrival that Shafter's orders were countermanded.

Now there are nearly 900 cases a day. In a short time, it is feared, the whole army may be infected.

Secretary Alger has ordered all of the soldiers immediately embarked for the north, but at the best it will be a week or two before their arrival can be completed.

Transports are now busy with the Porto Rican expedition and but few are available for Santiago.
